III. Superintendent’s Report
a. Capital Infrastructure Request for Boiler at Carl Allgrove School
Dr. Mahoney reported that she shared the Capital Infrastructure Plan with the Board of Finance at their last meeting. It was decided to get two additional quotes to repair the boiler at Carl Allgrove School in addition to the one we already have. The first one is the most expensive and involves an extensive repair. There is approximately a $1,400 difference in cost between the two additional quotes; one repair is less extensive than the other. We need to decide the extent of the repair to be approved and which quote we want to accept. Joe Doering asked if replacing the boiler was included in the Capital Infrastructure Plan. Dr. Mahoney reported that it is listed under the 2018/2019 fiscal year. Joe Doering would like to get an idea of what the life span on the current boiler will be if these repairs are done; it may negate having to replace the boiler in a couple of years. Dr. Mahoney will check with the maintenance supervisor.

b. PA16-114 An Act Encouraging Middle and High School Students to Consider Careers in Manufacturing
Dr. Mahoney distributed copies of public act PA16-114 which encourages middle and high school students to consider manufacturing careers. Dr. Mahoney was asked to join the committee to examine and make recommendations about educating middle school and high school students about careers in manufacturing.

c. PA16-189 An Act Concerning Student Data Privacy
Dr. Mahoney distributed copies of public act PA16-189 concerning student data privacy. There is a concern about online learning opportunities and the amount of student data required to download an application (APP). APPs now have to be reviewed to be sure vendors and contractors will not release any student data information. We will update our policy accordingly after receiving legal advice and direction from the Connecticut Association of Boards of Education.

d. Changes in CHOICE Academic and Social Support Grant
Dr. Mahoney reported on the items currently supported under the CHOICE Academic and Social Support Grant. Due to the cuts that the state made, our district lost $115,000 in incentive money, but will still receive cost per pupil funding. Dr. Mahoney and Susan Greco will discuss how to address the loss of funds.

e. East Granby Fire Marshall Report
Dr. Mahoney shared information from the Fire Marshall’s inspection that was performed at the start of the new school year. We were in compliance in most areas except for some minor issues related to power strips and improper storage. We were asked to submit copies of the inspection for the internal bleachers. Mrs. Greco will send copies of the inspection over to the Fire Marshall.

IV. Recommended Actions
a. Approve Capital Budget Request
MOTION: a motion was made by Mrs. Holt, seconded by Mr. Ravens-Seger to request the sum of $19,000 from the non-recurring fund for the boiler repair at Carl Allgrove School. The maintenance supervisor will recommend whether or not to go with the most expensive and most extensive repair based on the potential to extend the life of the boiler beyond fiscal year 2019. If not, the board will decide between the two less expensive quotes. Any unused funds will be returned to the capital non-recurring fund. Motion opposed unanimously.
**MOTION:** a motion was made by Mr. Ravens-Seger, seconded by Mr. Welsh to request funds, not to exceed $19,000, from the non-recurring account based on the recommendation of which quote the maintenance supervisor recommends to repair the boiler at Carl Allgrove School. *Motion approved unanimously.*

b. **Approve Transportation Appeal**
   Mr. Feeney rescinded his motion to add IVb. Transportation Appeal to the agenda because the transportation issue was resolved.
