I. Call to Order and Pledge of Allegiance  
With a quorum present, Chairperson Joe Doering called the meeting to order at 7:18 p.m., and all recited the Pledge of Allegiance.  
  a. Additions to the Agenda - None  
  b. Comments from visitors regarding agenda items - None

II. Chairperson’s Report  
  a. Update on Efficiency Study  
  Dr. Mahoney discussed a response to the efficiency study that she drafted based on what was shared by board members at previous meetings and the results of the efficiency study. The information consisted of an introduction, chart of recommendations, what was done to address the recommendations, and a focus on recommendation 2.3 regarding regionalization. Dr. Mahoney listed findings from the efficiency study follow-up that showed that there is no evidence of cost savings in finding a host district for East Granby High School. Dr. Mahoney asked board members to review the information discussed and send their edits to her prior to the next board meeting. Mr. Feeney asked that copies of the PowerPoint from the Board of Education’s presentation on April 24, 2017 be emailed to the board members. Michele Holt would like to release the board’s response to recommendation 2.3 to the community as soon as possible. John Welsh recommended listing portions of the information as an addendum or exhibit to make the message stronger.

  b. Discussion of Vision/Mission/Focus Areas/Goals  
  Last week, Dr. Mahoney met with board members Joe Doering, John Welsh, and business manager, Susan Greco. Together they reviewed previously gathered information and sample mission statements, goals, and vision statements drafted by Dr. Mahoney. Dr. Mahoney shared the drafts with board members. Together they came up with seven goals, there are currently four. Dr. Mahoney explained that the purpose of the mission, vision, goals and the belief statements is the ensure clarity, coherence, and focus to make certain that student needs are addressed and fulfill the boards charge. Jim Feeney and John Welsh asked a couple of questions for clarification.

III. Superintendent’s Report  
  a. Policy Series – FIRST READ  
  Dr. Mahoney reported that she met with Bob Ravens-Seger and John Welsh last week to review several polices, most of them new. Bob Ravens-Seger found them to be sensible and John Welsh agreed. A SECOND READ of the policies will take place at the next board meeting.
b. **Discussion of Infrastructure Capital Plan**

As a refresher, Susan Greco reviewed the Five Year Capital Needs Project Inventory from January 9, 2017. The technology equipment line will be used to replace old computers in the high school computer lab and for purchasing new Chrome Books. They will try to replace about 200 Chrome Books per school, per year. Chrome Books are most compatible for state testing. Mrs. Greco reported that she is soliciting quotes for a new phone system for the middle/high school and Carl Allgrove School that will be compatible with R.D. Seymour School’s existing phone system. Quotes are also being solicited for an irrigation system for the baseball and softball fields, and parking lot repairs at the high school. The carpet replacement project at the middle school is ready to begin and arrangements to have the work done are being made. Mrs. Greco also reported that the boiler repair at Carl Allgrove School is complete and the LED lighting project for Carl Allgrove School has gone to the Board of Finance but has not yet gone to town meeting. Bob Ravens-Seger recalls that there is a timeframe for the LED lighting project. Mrs. Greco replied that there is and that she has already asked the vendor for two extensions. Electrical services required to support air conditioning at Carl Allgrove School is also being investigated. John Welsh asked if the electrical engineer would consider solar panels.
