III. Superintendent's Report

a. Projected K-5 Student Enrollment 2019-2020

As of June 14, 2019 student enrollment and the number of sections for Grades K-5 are as follows: Gr. K (59 students) 4 sections; Gr. 1 (59 students) 3 sections; Gr. 2 (70 students) 4 sections; Gr. 3 (58 students) 3 sections; Gr. 4 (50 students) 3 sections; Gr. 5 (70 students) 3 or 4 sections. Due to scheduling, class placement, and the potential need to hire a grade 5 educator, a decision will need to be made soon whether to have 3 or 4 grade 5 sections. The board discussed the available classroom space at R.D. Seymour School. Bob Ravens-Seger is comfortable having 4 sections of grade 5.

b. Personnel

Melissa Bavaro-Grande reported that the teachers that were pink slipped were all called back and that she is in the final stages of interviewing for a business manager; recruiting an interim business manager has been challenging. Business Managers are required to have 085 certification; otherwise, according to the state, someone in the district must possess 085 certification in order to certify and supervise.

c. School Activities

Melissa Bavaro-Grande reviewed end of the year activities including, field trips, banquets, poetry performances, National Honor Society Induction, concerts, dances, graduation, and graduation walkthrough (the seniors visited the elementary schools in their caps and gowns.) Lastly, she shared copies of the high school literary magazine compliments of Deborah Ott, English Language Teacher and Literary Magazine advisor.

d. Curriculum – Science Curriculum K-5 SECOND READ

Melissa Bavaro-Grande asked if any of the board members had any questions related to the K-5 Science curriculum.

e. ADP Update

Members of the Board of Education office and the East Granby Town Hall attended an Automatic Data Processing (ADP) webinar. ADP provides human resource services, payroll services and more. The town presently uses ADP and First Selectman, Jim Hayden, is onboard with combining the town with the school district in order to save money (shared services). The annual cost for the town and district is $47,881.50 plus an $8,900 one-time set up fee. The annual cost to the district (if combined with the town) is $37,000. Without the town, the cost would be $44,000. Currently, there are 13 school districts in the area that use ADP and we can cancel the contract at any time. ADP would not replace the current Munis software used for human resources, payroll, accounts payable, and financial reporting. ADP has fully automated employee data syncing that works with Munis software.

IV. Recommended Actions

a. Approve Science Curriculum K-5

MOTION: a motion was made by Karey Pond, seconded by Bob Ravens-Seger, to approve the K-5 Science Curriculum as presented. b. Approve May 2019 Financials

Sherry Holmes reported that the encumbrance figure for line #111 includes the second retirement incentive payment for teachers who retired last year. The financial summary reflects that line #210 is slightly over and she explained that it is now in the positive due to credits received from Anthem and ConnectiCare. Line #330 is over and will be covered by grant funds expected to be received at the end of July 2019. Line #340 is over due to Munis
training and support. Line #430 is slightly over due to excess copier usage. Line #435 exceeded its budget allocation due to usual repairs. The financial summary reflects that line #622 continues to be over by $73,869 but Mrs. Holmes refigured the encumbrance and it is only over by $57,000. Line #624 is over and our account has been put on a “call as needed” status. Line #811 is over due to noncertified negotiations and student matters. Sherry Holmes recommended transferring $31,444 from line #510 and $4,353 from line #561 to line items #220, #340, #435, #530, #621, ##624, and #811.
