III. Superintendent’s Report
   a. Student Enrollment & Staffing Update

   Melissa Bavaro-Grande shared that student enrollment fluctuated due to families moving into and out of the district but that we are still within the class size guidelines. We have 51 Choice students from Hartford. There are 5 students in kindergarten, 3 students in grade 1, 3 students in grade 2, 1 student in grade 3, 5 students in grade 4, and 4 students in grade 5. The remaining number of students are in grades 6-12.
We recently received resignations from the high school guidance secretary Tammy Broxton, paraprofessional Stephen McVey, and English teacher Brittney Mihalich. Jacqueline Soltz was hired as the new English teacher, the guidance secretary position was posted internally, and several new paraprofessionals were hired. We had a business manager candidate that accepted the position and then rescinded. The position remained posted and new applications will be reviewed at the end of the week.

b. Opening Day Activities
Today was professional development for certified staff. Teachers participated in hands-on activities and honed in on in-house talents and focus areas. At tomorrow’s convocation we will greet new staff and honor the Teacher of the Year for 2020, Dennis Mullane. Members of the community were invited to help welcome faculty and staff as they returned to work and some of the band members volunteered to perform. The students will start school on August 28, 2019. Jim Feeney asked if the roofers would be working. Melissa reported that the roofers would not be working until Thursday.

c. Board of Education Open House
The Acting Superintendent is hosting an Open House on August 29, 2019 in the BOE conference room at Carl Allgrove School from 6pm-8pm. The community was invited to stop by and say hello.

IV. Committee Reports
a. Policy
Policy 4112.6 will be voted on later tonight. Karen Gogel provided a summary of the proposed amendments to policy 5144.1 including definitions (the language is taken directly from CABE), timeout, use of physical restraint and/or seclusion, zones of regulations, and required training and prevention training. Each building has a crisis intervention team consisting of six certified staff members. Administrators are also trained. Mrs. Gogel also announced that we have not had to report any situations to the state. Melissa Bavaro-Grande would like to expand and change the language in transportation policy 3541 to read ‘family member’s house or alternative location’. The current version lists only ‘family member’s house’. The schedule must be consistent and the form must be signed stating that the parties agree to the change. The roster will be updated to reflect the change and the bus driver will be notified.
Per John Welsh’s request, Melissa reviewed the emergency student pick up procedure. John Welsh asked if the BOE can wave the second read of the policy. Bob Paskiewicz replied that a two thirds vote would be needed in order to wave it. Melissa Bavaro-Grande is gathering information on dual enrollment to present at a future meeting.

b. Budget – Nothing to report.

c. Curriculum – Nothing to report.

d. Negotiations – Today’s meeting was cancelled and will be rescheduled.

e. Facilities
John Ziobro reported that the installation of air conditioning units at Carl Allgrove School has been put off due to the roof project; he would like DiBattista to come to the next meeting to provide an update on the electrical study. The roof at Carl Allgrove Schools is complete except for the peastone and some siding. Work in still being done at the middle school. The roofers will not work while school is in session; they will work nights and weekends. John Ziobro would like to schedule a facilities subcommittee meeting and revisit the gas conversion project that was dropped this year; he does not want to miss the opportunity to participate next year. Bob Paskiewicz suggested revisiting the gas conversion project when the BOE discusses the capital plan. John Ziobro asked if F+F performed any preliminary assessments on the heating systems. Lastly, John Ziobro reminded the BOE that there are exterior parts of the schools that need updating/painting that are not included with the roofing project.

f. Communications
Bob Paskiewicz was happy when he heard that Melissa Bavaro-Grande invited the community to welcome back faculty and staff on opening day. Melissa commented that at some point, the BOE will want to have a community conversation regarding the ‘Portrait of a Graduate’.
V. Recommended Actions
   a. Approve July 2019 Financials
      Jo-Anne Cegan reported that the business office is making sure that items were received before making payments. She will know more in approximately three weeks but she expects to be in the black and is close to reconciling grants. Lucia Ziobro asked why there was a large amount in line 730 – equipment and why it was not in the capital budget. Jo-Anne Cegan responded that normally it would be. Bob Paskiewicz shared that it was approved but the BOE never requested the $60,000 from the Board of Finance (BOF) so it was taken out of the operating budget instead. Bob Paskiewicz suggested asking the BOF for the money. John Ziobro would like to see clarification for lines 610 – Instructional Supplies and 730 – Equipment. John Ziobro asked about line 260 – Workers Compensation and Jo-Anne Cegan explained that the amount reflects the upfront premium cost.
