Current reporting relationships of school custodians and principals was discussed along with a review of school custodian staffing levels. The new town technician position will provide technical support to the school custodians. Lucia Ziobro expressed concern about custodians reporting directly to principals and how the principals and custodians would interact with the technician position. Bob Ravens-Seger said that he thought that the organizational relationship of the technician and school custodians would be more than “dotted-line” responsibility. After further discussion, the consensus of the committee was to go forward with the organizational chart as presented.

      ii. **Business Offices** – At the next meeting, the committee will look at the Canton Business Office model. It is thought that town/school consistency of payroll systems would be important as would accounting software.
