Proposal is for: (i.e. 24' x 35' storage shed)

Please submit the following with your application:

1. Letter of explanation stating what you propose to build and how it waives from the regulations and its planned use.
2. A site map showing **all structures currently on your property** including the new proposed structure and it's location to yard lines, septic systems and neighboring homes.
3. Either a photo or sketch of the proposed structure for compatibility with the neighborhood.
4. Letters from abutting property owners stating that they have reviewed the plan and have no problem with the proposal.
5. Any other items of interest for the Commission to assist them with a decision.
6. (If applying for 40% waiver) – Copy of Assessor Card to demonstrate total living area of house and the number & square footage of existing accessory structures.
