Subject: Application #22-06

Dear Planning and Zoning Commission,

While I am not a resident of East Granby, I am a resident of Windsor and live off of Route 20, less than 1/2 a mile from East Granby. I am writing to you to express my concern of this application. I travel in and through East Granby on a daily basis. I use East Granby Rd. to access Route 20. The traffic on Route 20 is very heavy during commuting time. I find the traffic to be quite dangerous. I am extremely grateful for the traffic light at Walnut Drive that was installed for the Air Guard base, even though cars and trucks don't always stop at the light. I would never take a left onto Route 20 from East Granby Rd because it is too dangerous.

I believe this proposed warehouse and docks would be detrimental to the area. The increase in truck traffic is concerning as there are already many accidents in the area of Phillips 66 and more truck traffic could cause more issues. I also am concerned about the noise from the trucks that could be an issue 24/7.

I respectfully request that you carefully consider the impacts on your town roads, the state highway and the surrounding town.

Sincerely,
Diane Varholak
39 Poplar Drive
Windsor, CT. 06095
