Subject: PZC Application Withdrawal

Robin, please accept this email as a formal request for withdrawal of the Special Permit/Site Plan application for the Bramble Bush project (K SFR East Granby Owner, LLC) which was set to be heard on May 9, 2023. Our intent is to resubmit a revised application before the May 9 meeting for acceptance at this meeting and for schedule of a public hearing at the Commission's June meeting.

We thank you for your attention to this matter.

Thanks,
