NEW BUSINESS
A. Kirk MacNaughton - Rolling Green North/Black Bear Run Subdivision
   Extension request

Mr. MacNaughton explained that this subdivision had been approved in 2014. State Statutes allow for an extension of an additional 5 years to complete improvements. As his improvements were for a private road/driveway, he didn’t realize that the five year expiration applied to him. He was present to request that extension retroactively.

Mr. McNally had reviewed the 17 conditions of approval that were a part of his the original approval. Mr. MacNaughton noted that with the exception of the private drive off Petersen Road, nothing has been done.

Mr. Haynes stated that the conditions of approval would still be a part of the extension. There was discussion by the Commission on whether to only grant a 3 year retroactive extension to encourage the start of the subdivision. The Town Attorney’s email dated 6/18/20 regarding the wording of the Statute was reviewed as to what the Commission could and couldn’t do. Mr. MacNaughton was agreeable to either the 3 or 5 year extension.

David Brassard arrived at 7:27 p.m.
A motion as made by David McNally and seconded by Daniel Velcofsky to approve the request by Kirk MacNaughton for a five (5) year extension, retroactively, for the Black Bear Run (aka Rolling Green North) Subdivision. The new expiration date shall be May 13, 2024. (ref. Town Clerk record subdivision maps #2308- #2323). All the revised conditions of approval noted in a letter dated November 20, 2015 which is also filed on the land records – Vol 206 page 408 are still valid and apart of this approval. Votes in favor were unanimous. Motion carried. (David Brassard did not vote as he arrived late. Mark Ricketts voted in his stead.)
