Program Description: Sewer charges are due April 1, 2020 and applicable real estate, motor vehicle and personal property taxes are due July 1, 2020. Normally there is a thirty-day grace period for residents to pay their taxes. Under this program interest and penalties will be deferred until ninety days after the original due date for eligible applicants. To receive the interest deferral, submit an application to the Tax Collector along with appropriate proof of residency or proof of ownership for a business.

Eligibility
Residents – Since March 10, 2020 the resident has been furloughed without pay, had their hours significantly reduced or are unemployed. As a result, the applicant has had at least a 20% reduction in household income.

Business/Non-Profit – Revenue is expected to decrease at least 30% in the March to June 2020 period versus the March to June 2019 period at this property.

Landlords – Documentation proves that the property has or will suffer a significant revenue decline or the owner has offered tenants commensurate forbearance (i.e. deferral of 25% of rent for the ninety days or a deferral of one month's rent to be paid over the 90-day period).

How do I get started? Contact the Tax Collector's office with any questions. Fill out and sign the application, provide the appropriate documents, and submit. **Applications for the tax deferral program must be submitted to the Tax Collector by July 1, 2020.**
