

### **East Granby Cares Day**

In coordination with the East Granby Commission on Aging (“COA”) and East Granby High School students, an East Granby Cares Day will be held 1-2 times per year (typically Spring and Fall). The COA’s student representative will be responsible to coordinate with High School administration and East Granby Senior/Social services to coordinate matching students with East Granby senior citizens who have requested help with small jobs such as yard work, moving patio furniture and other small outdoor jobs.

### **Assistance through Volunteers**

East Granby senior citizens looking for assistance from volunteers may reach out to East Granby Senior/Social Services. Senior & Social services will make every effort to match those needing assistance with either volunteers from the East Granby High School looking to obtain their community service hours or volunteers through the COA’s Good Sam program.
