Town of East Granby Plan of Conservation & Development Update

Water Pollution Control Authority: Goals & Concerns Worksheet

February 2025

This PoCD section will cover the Town's efforts to provide clean drinking water, to efficiently manage wastewater needs, and establish goals for future needs. Broad goals from the 2016 PoCD included:

- Improve and maintain water quality
- Protect water supply and increase conservation efforts through protecting reservoirs and promoting groundwater recharge and implementing educational efforts
- Continue to serve desired growth with both public water and sewer
- Work with Simsbury to extend sewer service areas

Considering all the above, please add notes in the following broad areas:

Significant events of the past ten years (victories, losses)

Questions to consider:

- Has the Town accomplished the goals stated above and are those goals still relevant?
- Are desired growth areas sufficiently covered by water and sewer service?
- Are sufficient protections in place for water sources?
- Are water sources sufficient for future growth?

Concerns for the next decade

Things to consider:

- Agreements with neighboring towns for shared resources
- Additional protections to existing and potential future drinking water sources
- Capacity of sewer treatment plant
